Attention: Cornell-Dubilier Electronics Site Attorney

Re: Cornell-Dubilier Electronics Site - Administrative Order on Consent for Removal  
Action, Index No. II-CERCLA-98-0115  
Progress Report No. 17

Dear Sirs:

As specified in Paragraph 50 of the above-referenced Administrative Order, on behalf of Respondent Cornell Dubilier Electronics, Inc. (CDE), ENVIRON Corporation (ENVIRON) is submitting this progress report which summarizes activities conducted pursuant to this AOC between March 25, 1999 and April 7, 1999.

**Completed Activities**

During this period, the following activities were completed:

- Disposal of 681.7 tons of soil at G.R.O.W.S. landfill; copies of manifests are attached.
- Submittal of a draft schedule update to USEPA on March 30, 1999.
- Submittal of topsoil source letters to USEPA. Letters from topsoil suppliers were provided to USEPA's oversight contractor on March 25, 1999, March 26, 1999 and March 30, 1999. ENVIRON clarified USEPA's data submittal requirements for the selected topsoil source during telephone calls between ENVIRON and USEPA.
- Collection of a composite topsoil sample from a supplier stockpile for chemical

analysis. The sample was collected on April 2, 1999.

- Verbal notification to the owner of Property I and to USEPA regarding planned verification sampling activities. The owner and USEPA were contacted on March 30 and April 5, 1999.
- Statistical assessment of additional final verification sampling data for Properties B, E and F, incorporating unvalidated analytical data for samples collected on March 5, 1999.
- Review of final verification sampling results in order to finalize delineation of certain excavation areas on Properties B, E and F. Locations of additional samples collected on March 5, 1999 were reviewed with respect to the statistical data assessment conducted using unvalidated analytical data. The results of this statistical assessment did not alter the excavation plans for Properties B, E or F as provided to USEPA on March 3, 1999.
- Collection of additional verification samples on Property I. Samples were collected on March 30 and April 6, 1999.
- Discussions with the owner of Property B regarding replacement of the entire fence on this property. This issue was resolved during the week of April 5, 1999.
- Communication of progress and changes to anticipated start dates with the owners of Properties C, I and N. These communications were completed in the field and/or by telephone during the week of March 29, 1999.
- Laboratory analysis of the additional verification sample collected on Property I on March 30, 1999.
- Completion of excavation activities on Properties E, F and N during the weeks of March 29 and April 5, 1999.

#### Ongoing Activities

During this period, the following activities were initiated and/or are in-progress:

- Statistical assessment of additional final verification sampling data for Property I, incorporating unvalidated analytical data for samples collected on March 5 and March 30, 1999.
- Validation of final verification data obtained from samples collected on March 5, 1999.
- Laboratory analysis of the topsoil composite sample collected on April 2, 1999.

- Laboratory analysis of additional verification samples collected on Property I on April 6, 1999.

**Two-Week Schedule of Planned Activities**

During the next two-week period (April 8, 1999 through April 21, 1999) the following activities are planned:

- Complete statistical assessment of additional final verification sampling results for Property I, and prepare a revised excavation plan, as necessary.
- Validation of final verification data obtained from samples collected on March 5, 1999.

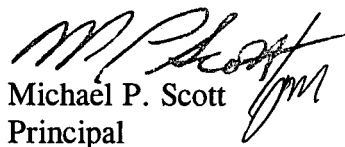

**One-Month Schedule of Planned Field Activities**

During the next four-week period (April 8, 1999 through May 5, 1999), the following field activities are planned:

- Reinstallation of the pool located on Property F.
- Completion of excavation and disposal activities (by April 20, 1999).
- Implementation of restoration activities.
- Contractor demobilization activities.

Please call me or Mark Nielsen at (609) 452-9000 if you should have any questions regarding this progress report.

Sincerely,

  
Michael P. Scott  
Principal

GENERATOR

RECEIVED, subject to the classification and lawfully filed tariffs in effect on the date of receipt by the carrier of the property described in the Original Bill of Lading. the property described below, in apparent good order, except as noted (contents and condition of contents of packages unknown), marked, consigned and destined as indicated below, which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. It is mutually agreed, as to each carrier of all or any of said property over all or any portion of said route to destination, and as to each party at any time interested in all or any of said property, that every service to be performed hereunder shall be subject to all the terms and conditions of the Uniform Domestic Straight Bill of Lading set forth (1) in Uniform Freight Classification in effect on the date hereof, if this is a rail or a rail-water shipment, or (2) in the applicable motor carrier classification or tariff if this is a motor carrier shipment. Shipper hereby certifies that he is familiar with all the terms and conditions of the said bill of lading, set forth in the classification or tariff which governs the transportation of this shipment, and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.
